*Can you make
me feel this good?*

HEALTHY SMILE

Going to the dentist has never bothered me.

The doctor, yeah. That bothers me. A doctor can find something seriously wrong, something potentially fatal. A dentist can too, I guess, but that's far more unlikely. A cavity ain't cervical cancer, you know...

All this to say that a regular dental checkup has never caused me stress. Not until now, anyway. Not until today. Not until Josie—now my ex-girlfriend—caught me cheating with a girl from my acting class.

What, you ask, could Josie have to do with my sudden aversion to a routine dental cleaning? Well, I'll tell you. In addition to being my ex-, Josie just so happens to be a dental hygienist in the employ of my dentist.

Presently sitting in the waiting room, I'm having serious doubts about my morning appointment. I haven't seen Josie in over a month, not since I moved my stuff out of the apartment we had shared for well over a year.

How will she react when she sees me? Icy, I

What a Holiday...

I have just fifteen minutes to write this letter. I'm an engineer at a large Chicago firm. Recently, more than thirty people were let go from their jobs and I've had to pick up a lot of their work. Last night I was working late with some others. When we finished, Cliff and I went to the train station as we always do. We stopped at a newsstand and I picked up the evening paper and **50+** with Tara on the cover. I believe I'm a guy that knows a good looking woman when he sees one. After all, I'm 53 and have had my share. And Tara is such a fine looking woman! Her seductive eyes, beautiful smile, perfect boobs and sexy legs make her so. But it's not just her physical attributes that are so wonderful, it's her persona, at least in pictures, that is such a turn on. If I could engineer a beautiful babe, it would be her!

— Matt H., Evanston

guess. And who can blame her? After all, I'm the one who cheated on her. Still, a cold reception isn't what's worrying me. I'm actually concerned about something much worse, something dark and sinister.

Perhaps I watch too many horror movies, but I can't stop thinking about that nasty dental scraper in Josie's hands. She could do some serious damage with that thing, for sure, turning it into an implement of torture.

I should've switched dentists. Continuing to patronize the one who employs Josie is a bad idea. But I love my dentist. He's the best in town. And, truth be known, I've been dying to see Josie. I miss her something awful.

Cheating on her was a huge mistake. I realize that now, and want to tell her how sorry I am.

The first few minutes of my checkup were tense. I sat in the dental chair with bated breath as Josie, looking hotter than ever in her tight-fitting scrubs, washed her hands in silence.

Finally she said, "You've got a lot of nerve coming here. When I

saw your name on the chart—”

“I’m sorry, Josie. Really, I am. About everything.”

She searched my face.

“I miss you,” I added.

Her features softened. Did she believe me? I certainly hoped so; because my words were sincere.

The examination was a routine affair. Josie cleaned my teeth with her usual deft touch. I felt ridiculous for entertaining thoughts of torture via dental scraper, so much so that I giggled out loud.

“What’s so funny?” Josie asked.

“Nothing,” I said.

The dentist arrived soon enough, taking over as Josie exited the room to tend to her next patient. I got a good report. No cavities. No gingivitis. The dentist told me to keep brushing and flossing.

I walked to the patient restroom at the end of the carpeted hall. Two large cups of morning coffee had my bladder about to pop. Having relieved myself, I stood at the basin washing my hands when somebody knocked on the door.

“Be out in a minute,” I said.

“It’s me,” Josie said. “Can I come in?”

I unlocked and opened the door. Josie stood there. We regarded one another in silence. Something electric passed between us.

She stepped inside and locked the door. Pulling her close, I crushed my lips to hers. My eager

hands explored her familiar curves.

It wasn’t long before I sat on the countertop beside the sink. Josie raised my skirt and pushed my legs apart. Breathing raggedly, I watched her kneel and push aside the crotch of my panties.

“Oh, yeah, Josie,” I urged her on. “Do it, baby. Eat my wet pussy...”

Josie licked her lips hungrily, then proceeded to do just that. She buried her face between my thighs. Her talented lips, tongue and teeth worked their magic. It had been a long time since I had been the beneficiary of Josie’s stellar oral skills. Too long, I mused. Time had definitely made my cunt grow fonder.

She serviced my turgid clit, sucking, poking and prodding with increas-

ing fervor, triggering a spectacular orgasm which boggled my mind and body.

Having recouped my breath, I hopped down, straightened my skirt, and reached inside my purse...

“I’d better get back to work,” Josie said. “My fifteen minute break is almost—”

She shut up when I produced a massive dildo.

“On second thought,” she remarked.

Josie leaned over the countertop. I moved behind her, peeling the scrubs down her legs. Having lowered her cotton panties, I moved the dildo’s bulbous glans between the firm cheeks of her exquisite bum. Then I probed lower, exploring her glistening gash.

Josie gasped when I pushed the toy inside her.

“Fuck me,” she uttered breathily. “Do me good, baby. Make Josie’s pussy come...”

We parted outside the restroom, Josie and I, but not before agreeing to meet for lunch later in the week. Mine was a healthy smile as I navigated the hall to the little window at the front of the office.

Healthy and bright...

Until the receptionist gave me my bill!

— Stephanie J., Georgia

THE ESCORT

I dread going to parties. Not because the parties aren’t fun; they almost always are. No, I dread them because I almost always have to go alone. Early on in life, that wasn’t so bad, it was even pretty normal among my group of friends, but as we continued to get older and they all started finding relationships, I was beginning to stand out for not having anyone significant in my life.

I’m not unattractive; 6’1” with flowing auburn hair and a soft, bright face. It’s more that I just never really found the time for dating. Instead, I usually found someone who could take care of my needs, and that was it. Quick, efficient, no strings, no relationship. Easy enough, right? And then another party invitation. I considered ignoring the invites more than once, but that wasn’t fair either. And this one was going to be

particularly challenging because this was the first wedding in the group.

So, for the first time, I called a service to provide an escort for the night. I thought of it as a more public version of the no-strings non-relationship with a bit of playacting to pretend we were a new couple.

What could be hard about that? The first clue came when I saw him. Sean was not much taller than me, with bright green eyes behind a thin pair of glasses. He looked more like the kind of person I'd call for sex than for a date, which I supposed was all right; escorts did that sort of thing, right?

We had about a half-hour to get to know as much as possible about each other as a speed date, which made me panic. Still, Sean knew exactly what he was doing and already had his arm around me in the limo, taking the time to be compassionate and caring to his girlfriend for a night.

Surprisingly, the night went exceptionally well, and Sean and I received at least a dozen compliments as a couple. Throughout the night, he was a charming date, and whenever I started to descend into my thoughts, he'd flash his bright smile and bring me back.

What threw me the most was that the first time we kissed, it felt like our mouths belonged together. A spark flew between us

as he stared into my eyes with loving adoration. By the time the night was over, I almost believed that we were together, and it wasn't until we were in the limo on the way back home and he sat a seat away from me that I remembered who he was and what he was there for. It was the strangely iciest part of the night, and I wanted to ask him what was going on, as though I could read him like we'd been together for years.

When we got to my house, he got out and escorted me to the door with a profound formality. And I finally asked him what was going on. He told me he wasn't supposed to get too close to his clients on the clock. But then, with a wry smile, he said to me that he had clocked out when I got to my door.

I caught the hint and invited him in. He broke into a wide grin and followed me inside, suddenly pulling me close and locking our lips together with more electricity than before. We pulled clothes off each other through the house in a trail that led to my bedroom, where he laid me down on the bed, his fingertips grazing over my soft flesh. I writhed and wriggled, feeling ticklish while wanting the feeling to continue.

Sean turned me around, placing me on his chest as he reached up to play with my pointy, perky breasts, which I lowered to his mouth. He looked up appreciatively before letting his tongue lash out and over my sensitive nipples, eliciting a deep moan that resonated and echoed through the room.

I wanted him in ways I didn't understand. I didn't care that I didn't understand, and I pulled him back around on top of me while guiding his hands to stay on my pillows. As we turned, his long, uncut cock found its way inside. I jumped in surprise, not expecting him to have found his way in so easily. All night, we rolled around, and once his dick was in, he didn't let go.

Every position we found only by him staying inside, rotating, turning, twisting, and moving, all in sync with one another. And as he built up to finally unload inside me, I felt his arms come close and hold me tight the way I'd always imagined but never got with the quickies I'd had in the past.

Late into the night, we went, with Sean able to go three rounds before the tiredness finally caught up with us. I fell asleep in his arms, with his cock still inside, half expecting to wake from the dream to find my escort gone the following day.

I was his last escort client, and we'll be celebrating our second anniversary soon.

— Lorraine L., Michigan

I've always enjoyed tatoos. I've been collecting them ever since I turned forty and gained my personal independence. Well, I finally decided to get my sixth black and white tattoo a couple months ago.

Sara Jay

I really liked it and wanted to thank my tat artist with some extra appreciation.

So, I booked an appointment for my seventh tat and told him I wanted it just below the others, and for him to do it after hours. He agreed and I asked him to come over to my place so I could thank him privately.

Woman to the priest, "I don't think that my husband has been cheating on me... But I have doubt about one woman. What should I do?"
The priest replied, "Take your husband to that woman's front door... And check if his WiFi connects automatically."

Confessions of a Cheater

LET'S TAKE A LITTLE TRIP AROUND THE WORLD... OF CHEATING.

Don't get me wrong; I am very happily married. I dip my stick into my wife's cunt about three times a week. I have two great kids, a relatively good job, a home and generally speaking, a good life. That's when I'm home.

Away from home I've got this fantastic 25-year-old chick named Leanne who absolutely adores me, even though I am 16 years older than she is. She loves to get down with me for some good conversation and a lot of hot fuck-and-suck action.

I've been seeing Leanne regularly for about a year—since she started working at the same place I do. Before her there was Ingrid; before her Kristy; and before her Emily. In fact, I've been fucking a whole series of cute little cunts for the last 10 years and haven't gotten caught—or gotten enough—yet. In fact my wife, who is no dummy, doesn't even suspect that I screw around. Some people call it cheating; I call it doing my own thing. Like that beer commercial once said, "You go around only once and you've got to grab all the gusto you can!"

A lot of guys who screw around eventually get caught, one way or another. If you are truly interested in doing your own thing, you can get away with it forever. It all depends on how you do it. A lot of men get caught because they want to get caught, so to speak—they feel guilty as hell about what they are doing. My buddy Fred, for example, fits into this category. Here is a guy who talked about strange pussy for 10 years before he did anything. One day while jogging he met this real hottie. Fred sure as hell is not a great looker but there is something sexy about him this girl liked. When he came on to her, she took him up on a good fucking deal.

At first he backed off slightly. He couldn't do anything the morning they met, he told her, because he'd be late for work. But they made a date for later that afternoon.

Then he got into a regular thing—damned near every

morning he was out getting pussy. But he got caught because he was stupid. Rather than throwing on his running clothes and leaving the house unshaven, as he normally did, the dude started showering, shaving and slapping on cologne before he went jogging. It obviously didn't take his wife long to figure out what he was up to and to put a stop to it. Talking with him about it later, I discovered he was glad he'd gotten caught.

Then there's my man John. He'd messed around now and then throughout his married life, grabbing a piece of ass here and there. But this poor dope always had to fall in love with the pussy he was eating, he enjoyed it so much. He always tipped off his wife to what he was up to because the more involved he got with another chick,

the less attention he paid his little honey at home. When he was banging hot and heavy with his young chippie, he didn't put it to wifey from one month to the next.

Another type who always gets caught is the guy who claims to be happily married and enjoying a good sex life with his wife. Anyway, there's an old saying that pigs get fed and hogs get slaughtered. An acquaintance I'll call Jerry, for example, I'd put in the category of a hog. He'd fuck anything coming down the pike. It didn't matter to him as long as she had a hole he could stick his dick into.

After doing this for a while, Jerry gave his wife herpes. Somehow he explained that one away. Then she caught a minor skin infection from him, and that too was explained away. Finally she caught an STD and walked out.

All these things are possibilities when you fuck around, but if you take a few precautions and handle yourself well, you can get pussy for years to come and still enjoy a good relationship with your wife.

I've been successful because I know how to select the right chick. Assuming that you are happy at home and are not re-

*Don't let them think you have other intentions if all you want to do is get laid.
Remember, you're out for fun, not to fuck someone over who liked you
enough to spread her legs for you.*

ally looking for someone new to live with, there are women you can get it on with and women you cannot. First of all, that fantastic chick at work is the wrong piece of ass, brother. Sure as I'm writing this, you'll fall in love. You'll want to spend more time with her. You'll be jealous as hell if she goes out with anyone else. Stay away—you don't need the hassle. If you want to split up your marriage then go ahead, But don't do it that way. Just leave and find someone; it will cause less hurt to everyone.

I also know enough to stay away from those chicks that are smarter than my wife. If you start having really fine conversations with her on the side and then have to go home to a dope—once again it will break things up.

And I know better than to pick 'em too young, even though bouncy, youthful tits sure look tempting as shit. Younger people tend to fuck around more than older folks like myself, guys in our 40s and 50s. That means your chances of catching something and bringing it home increases dramatically, but of course it all depends on who you meet.

Take it from me: a married woman is your best bet, followed by a single chick that is going with someone. And the last choice is someone who's not going out with anyone. But you always have to be careful. Chances are, even if she is not seeing anyone, every once in a while someone might give her a dose of something that you in turn will give to your wife. I keep stressing this be, cause if you bring something home, there are no two ways about what you've been doing.

I lay it on the line when I get involved with someone. Don't let them think you have other intentions if all you want to do is get laid. Remember, you're out for fun, not to fuck someone over who liked you enough to spread her legs for you. Where do you find someone to fit all of these needs? I've never had any problems. And when one of your ladies gets involved, married, moves away or whatever, there's always another one to take her place. I can't say that I didn't get emotionally attached and I can't say my heart wasn't somewhat broken when they left, but I had prepared myself for this eventuality.

Anyway, back to how to meet someone for sex on the side. One of the best ways to score, especially with the married chicks, is at the supermarket. That's right! But if you want to do it that way, you've got to be willing to speak up, talk about carrots and cabbage if you have to, and then invite them out for coffee. It's a slow process but it works. I've also been able—very profitably I might add—to jump in the sack with married women who get involved with their kids in Little League. Hey, every Saturday they are right there. You start chatting with them and eventually you get into it—if their husbands aren't around, that is. Get off your ass and check things out where you live, and you will be pleasantly surprised.

The obvious and most productive place for the single ladies, I have found, is where you work. Just look around and you'll find plenty of hot and horny honeys. But if you work in a place that's small and has only a collection of old ladies, check out the places around where you work.

My very first adventure, in fact, occurred with a lunchtime waitress near where I worked. The point is, guys, if you are really interested in pussy it's all over the place and simply there for the picking. If you really want it.

Emily was my first affair. I wasn't really thinking about doing it until it was there almost staring me in the face. I stood staring back at those red-nippled boobs just straining to get out of that uniform. There are a lot of eating places around workplaces, so go get yourself a cute little honey bun you can eat out.

I don't score all the time, but I do have my fun and I like to make sure the woman I choose does too. Anyway, I began going into this particular restaurant and sitting in Emily's section. After a few days we began greeting each other and finally I told her my name and asked what hers was.

"My name is Emily," she replied. "Well, Emily," I said in a flirting tone, "what's a nice-looking girl like you doing in a place like this?"

She just laughed and told me she was an on-again, off-again student. She was working her way through school, as well as working her ass off. "Well, Emily. How'd you like to get your ass fucked off, for a change," I blurted out. Startled off her balance, she spilled a glass of ice water down my half-open shirt and into my hot and hard lap. "You'd better cool off, buddy," she said after regaining her composure.

Then she took everything in a good-natured way, but I never acted like I was coming on to her again for quite a while. We quickly became friends, and exchanged pleasant

What's the matter with me, didn't I want to get laid? Of course I did. In fact, at that point I wanted to get laid so bad that I didn't want to blow it by coming on too quickly.

conversation every day I went to the restaurant.

The real breakthrough came after about five or six weeks of this. Does that seem like a long time to you? What the hell else do you have to do at lunchtime, jerk off in the men's room? Besides, I'd seen other guys try to come on to her at lunch and she just froze them out. Anyway, this one lunch hour when she came to take my order and say hello, she was in a rather excited state. She had signed up for a dance class at a local college, but had no way to get there and was waiting for a friend to call who might be able to give her a ride.

Guess who volunteered to give her a ride? Not only that, I waited while she registered, took her to dinner and then took her home—and I didn't lay a hand on her! What's the matter with me, didn't I want to get laid? Of course I did. In fact, at that point I wanted to get laid so bad that I didn't want to blow it by coming on too quickly. She realized I wasn't one of those hogs I referred to earlier.

The conversation picked up substantially at lunch, as much time as she could spare. Sometimes I gave her a ride to school after work, while on my way home. The crucial night occurred one weekend when my wife and kids were going to visit her parents a few hours away.

Emily and I were familiar enough with each other by then, so I could tell her at lunch that I'd like to meet her after class and take her to dinner, and she agreed. We had a lovely dinner, and when we got back to her apartment she invited me in for a drink. One drink turned into another and then another. Finally it was about midnight. Rather than coming on directly, I told her I should go. I put on my coat and as we walked to the door I put my arm around her in a friendly way. As I reached the door I turned to say good night. I bent over slightly to give her a peck on the cheek but instead, she turned her head and we met lip to lip.

Then we embraced and she plunged her tongue into my mouth, and I did the same. The kisses got hotter and more passionate at the door. I tried to peel my coat off with one hand, and she helped me. We headed right for the bedroom and started peeling each other's clothes off.

I purposely didn't describe what Emily looked like earlier because you would have thought I was nut for taking so long. Emily was about 5'5" tall with very long brown hair, freckles, and an ass that makes a normal dude drool just to look at it, along with huge tits. Even with her tight, white waitress uniform on, you could always see Emily's thick bulging nipples showing through. I took my time and acted like I didn't notice because I wanted this chick bad. And tonight, all of my hard work was paying off. All those other jerks that came on to her at lunch were probably at home watching a movie on TV and thinking about jerking off. I was there, getting to know beautiful Emily in the most intimate way.

At this point I'd been married for years without doing anything and suddenly I was there with this voluptuous young thing. I got down to her bra and my hands were literally shaking as I tried to unhook it. She laughed and helped me, revealing about the most beautiful set of titties I'd ever seen before or since. Her breasts hung seductively for their weight, and she had nipples the size of my thumb. I laid her

out on her bed and began sucking on those red-hot nips.

She reached down and began to rub my thickening cock. I slipped off her moist panties, which revealed a cunt already so juicy it was glistening. That sure was a night to remember.

I saw Emily many more times for about the next year and a half. She finally met a guy like me who didn't instantly start to drool just looking at her, and she married him. But all during that time we must have fucked three or four times a week. And I also did my wife a minimum of three times a week. It may be cheating, it surely would have pissed my wife off, but everyone sure was happy with my newfound energy.

I didn't get caught with Emily or with anyone because I always went with the flow. I didn't take Emily out to dinner when my wife was sitting at home waiting for me. I didn't do anything stupid. I saw Emily in the morning before work. I saw her on the way home. Often, in the evening, I had to make a trip to the supermarket to pick up a few items. On Saturday afternoons I always had errands to do and normally on Sunday I went jogging for a while.

By the way, guys: Until Emily, I didn't do any jogging or anything athletic at all. But by meeting her and being with her, it somehow renewed my vigor and got me interested in lots of things—mainly “strange” pussy.

Some may call what I do cheating. I call it living. You too can be the real you and not get caught at it.

Good days, bad days doesn't matter to Teresa, at the end of the day she just wants to have an orgasm. Usually there's a man around to fuck her until she's silly with joy. Man or not, she carries on with nothing more than her "do-me" attitude, and a handy-dandy vibe to keep her cumming.

If only there was a man out there with a hard cock, and a taste for a more mature experience.
